

Standardized HOA (hour of administration) Stickers

MORNING	12:00am through 11:59am
NOON	12:00pm through 12:59 pm
AFTERNOON	1:00pm through 4:59pm
EVENING	5:00pm through 6:59pm
BEDTIME	7:00pm through 11:59pm

Our pharmacy team uses standardized times for HOA stickers in order for you to receive the same sticker during each cycle delivery. If you wish to have a different sticker there are a few options (1) change the time it is scheduled to coincide with the sticker that you want (2) Request a few extra HOA stickers from your account manager next time you see them, then you can apply the sticker you prefer when you receive the medication (3) Write directly on the blister pack the HOA time you want in order to assist your med staff with passing at the correct time.

Once your 28 day cycle is delivered we encourage you to write on the cards anything you feel necessary to help your staff. We understand that each facility has multiple med pass times and these stickers do not cover everything. A good tip we've found is that if the medication is given on 3rd shift, it will have a Morning or Bedtime sticker, but you can add a small bright colored sticker to "flag" the medication so that night shift knows it is to be administered during their shift.
